Index | VOLUME XL

ACCESS
and eminent domain decisions, 656–657
ACQUISITION (see Land Acquisition)
AFTER TAX DIVIDENDS
and real estate investment analysis, 65–66
AIREA
and California Law Revision Commission, 298
and appraisal errors, 570–571
and *Appraisal Terminology and Handbook*, 503
and change, 512
and code of ethics, 491–494, 496, 498
and Harry Grant Atkinson, 487–490
and M.A.I. designation, 496–498
and *The Appraisal Journal*, 498–501
and *The Appraisal of Real Estate*, 504
and the University of Chicago, 500
beginnings of educational program of, 499–503
organization committee of, 493–494
recollections of founding of, 491–505
AIREA 40TH ANNIVERSARY
message of Richard J. Bourguignon on occasion of, 485
AIRPORTS (also see Fly-In Developments)
and economic impact on land values, 231–234, 420–425
and FAA noise publications, 423–424
and feeder airports, 234
and history of litigation, 412–413
and measuring cost of noise, 412–419, 420–425
and National Airport Plan, 233
and noise exposure forecast (NEF), 413, 417
and problems for appraiser, 420–424
and significance of future for appraisers, 234
as traffic generators, 231
conservation and, 232–233, 423
land adjacent to, 231, 420–424
methods for evaluating depreciation of, 412–419
off-shore locations for, 233
property owners' reaction to, 421–422
soundproofing of structures & areas near, 420–423
AKERSON, CHARLES B. M.A.I.
"appraisal nomograms," 189–194
book reviews by, 150–151
AMORTIZATION
and mortgage contract 531, 537–538
AMORTIZATION SCHEDULES (also see Mortgage Amortization)
and mortgage balances, 76–82
calculation of, 76–82
ANDERSEN, ARTHUR & COMPANY
and digest of public utility rate cases 1955–1961, 203–204
ANGERS, ALLEN J., M.A.I.
"valuation of pipeline servitudes," 114–122
ANNUITY
mortgage loan as, 78–82
present worth of, 78–79
ANNUITY CAPITALIZATION METHOD
for valuation of investment real estate, 83–84
APARTMENT HOUSES
and highest and best use, 168–174
and tax shelters, 127, 333–350
cash flow in, 99
cash flow model for, 170
development and financing of, 96–102
estimated cost of, 99
indifference over price of, 336
individual investors in, 333–350
long-term economics of, 341–342
market survey in development of, 96–98
operating risks in, 338–339
professional management of, 100
requirements of, 100
return on, 123–127, 333–350
short-term economics of, 337–338
tax advantages of investing in, 101–102, 333–350
tenant classification in, 97–98
types of equity investors in, 101-102
APPRAISAL
and great depression, 492
basic principles of, 530
future of, 539–544
in 1920's, 491
in 1930's, 530–533, 536
purposes of, 645, 649
APPRAISAL DOCKET, THE 133–134, 308–311, 464–466, 650–654
APPRAISAL JOURNAL, THE, 501
and Robert H. Armstrong, 507
beginnings of, 498–499
first managing editor of, 498
APPRAISAL OF REAL ESTATE, THE
origins of, 504
APPRAISAL PROFESSION
impact of proposed tax reform on, 556–564
APPRAISAL REPORT
avoiding compromise in, 325–330
simplifying economic data in, 217–223
use of graphs in, 217–223
APPRAISAL TERMINOLOGY AND HANDBOOK
compilation of, 503
APPRAISAL THOUGHT
market value paramount in, 524–528
"new school" in, 522–528
not subject to direct measurement, 525
"sub-schools" in, 523
APPRAISER
and change, 512
and compromised appraisals, 325–330
as an economic generalist, 55–67
as counselor to investor-client, 356–368
legal duty of, 565–571
legal liability of, 565–571
tax consciousness of, 554–555
ARBITRATION
of just compensation in California eminent domain law, 288

ARCHITECT
in apartment house planning, 98
ARMSTRONG, ROBERT H., AWARD, 25
recipients, 1971, 25
recipients, 1963-71, 510–511
ARMSTRONG, ROBERT H.
L. W. Ellwood's memories of, 507–509
ASSEMBLED ECONOMIC UNIT DOCTRINE
in eminent domain valuation, 656
ATKINSON, HARRY GRANT
Lum Award recipient, 377
recollections of the founding of AIREA, 491–505
tribute by Boyd T. Barnard, M.A.I., to, 487–490
AVIATION (see Airports)

BAILEY, JOHN B., M.A.I.
market analysis–fundamental to defensible valuations, 644–649
BANK CREDIT STATISTICS
note on effect of REITs on, 54
BARNARD, BOYD T., M.A.I.
a tribute to Harry Grant Atkinson, 487–490
BECKER, BORIS W.
on the reliability of multiple listing service data, 264–267
BEFORE AND AFTER RULE
and pipeline servitudes, 114–121
and rule of joinder, 577–578
BENEDICT, NORMAN R., M.A.I.
statistical analysis–significance for the appraiser, 618–629
BOARD OF GOVERNORS, FEDERAL RESERVE SYSTEM
and REITs, 44–46
BOURGUIGNON, RICHARD J., M.A.I.
message from the president: forty down–and goal to go, 485
BOYCE, BYRL N.
calculation of amortization schedules and mortgage balances, 76–82
BRENER, STEPHEN W.
problems in appraising lodging facilities, 611–617
BROWN, RON, M.A.I.
statistics: applications for the real estate analyst, 630–643
BUILDING COSTS AND TRENDS, 144–149
BUILDING RESIDUAL TECHNIQUE
as historical indicator of value, 532–533, 536
BUNDLE OF RIGHTS APPRAISAL
and pipeline servitudes, 115
BUYER-GROUP
variations in, 70

CALIFORNIA LAW REVISION COMMISSION
and AIREA, 298
and eminent domain law, 286–302
CAPITAL ATTRACTION OPERATING COST
and public utilities, 195–207
CAPITAL BUDGETING MODEL
compared with Ellwood Model, 520
CAPITALIZATION METHODS
and shortcomings of straight line method, 84
for valuation of investment real estate, 83–95, 358–368
CAPITALIZATION OF INCOME APPROACH
in eminent domain valuation, 655–656
CAPITALIZATION RATE
and condominiums, 550
and inflation, 546, 549
and taxes, 544, 545
forecasts as elements of, 645
illustration of construction of, 62–63
in industrial park development sales, 601, 608–610
method for constructing, 62
overall rate calculations and tables of, 86–89
used in direct capitalization method, 83
CAPITAL SPENDING
in early 1970's, 426–433
CASH EQUIVALENTS
and sales prices, 7–16
and subdivision homes, 14–15
basic premise of, 11
mechanics of conversion of, 11–14
CASH FLOW
and equity interest investor, 60
and the capital market, 64–65
as residual of income stream, 59
importance to investor-clients of, 356–368
in apartment house project, 99
synonymous with income, 59
CASH FLOW METHOD OF CAPITALIZATION
for valuation of investment real estate, 83–95
CASH FLOW MODEL
for apartment building, 170
for hamburger stand, 169
for office building, 171
CASH FLOW RETURNS, 369–377
and foreclosure, 372
CASH FLOW VALUATION
and yield valuation, 83–95
CASH SALE PRICE, 11
CASH THROW-OFF
in mortgage-equity analysis, 359–367
CENTRAL BUSINESS DISTRICTS
in outlying areas, 553
CENTRAL CITY
and office development, 551
decline in land values of, 351–355
in the 1970's, 548
CHAMBERS OF COMMERCE
as source of apartment vacancy information, 96–97
CHICAGO TITLE & TRUST COMPANY, 492–493, 504
and Philip W. Kniskern, 493
CITY ANALYSIS (see Metropolitan Analysis)
CLETTENBERG, KAREL J.
statistics: applications for the real estate analyst, 630–643
the appraisal of a recreational property, 378–390
CODE OF PROFESSIONAL ETHICS AND STANDARDS OF PROFESSIONAL CONDUCT, AMERICAN INSTITUTE OF REAL ESTATE APPRAISERS, REGULATION NO. 10
and effect of leases on the value of property, 175
beginnings of, 491–494, 496, 498
CODY, ARTHUR C.
and AIREA, 487–490
COLLINS, B. J.
the surveyor's part in shaping the human environment, 17–23
COMMERCIAL DEVELOPMENT
of land adjacent to airports, 231–234

COMPARABLE SALES (also see Market Data Approach)
adjustment of, 68
competitive, 70
in deriving market value, 68–75
COMPETITION ANALYSIS
in condominium feasibility analysis, 251
COMPROMISED APPRAISALS
avoidance of, 325–330
COMPUTERS
used in statistical analysis, 621, 625, 629
CONDEMNATION
and California eminent domain law, 286–302
CONDOMINIUM CONVERSIONS
amenities affecting appeal of, 593–594
conversion of rental units into, 588–599
financing of, 588–599
future of, 588–599
legal considerations affecting, 595
location of, 590–591
"marginalysis" studies in, 590, 598–599
obsolescence of, 591–592
ownership interests in, 595–596
physical improvements in, 589–590
problems for developers of, 589
tenant attitudes toward, 590–594, 598
value differences between new and used, 596–597
CONDOMINIUM CORPORATION
liability of officers in, 308–311
CONDOMINIUMS
and valuation procedures, 550
feasibility analysis of, 246–252
liability of promoters of, 308–311
prospects for 1970's of, 549–550
CONSEQUENTIAL DAMAGES
resulting from involuntary conversions, 39
CONSUMER SPENDING
in early 1970's, 426–433
CONVENTIONAL ADJUSTMENT PROCEDURE
shortcoming of, 69
CONVERSION FOR BUSINESS EXPEDIENCY, 39
COOK, EDGAR D., JR., M.A.I.
a closer look at Inwood's contribution, 253–256
CORMAN BILL
and tax reform, 561–562
CORPORATE FINANCING (also see Financing and Real Estate Financing)
in early 1970's, 432
CORPORATIONS
and investment in real estate, 101–102, 333–350
and 1969 Tax Reform Act, 561
exodus from Manhattan of, 352–353
COST APPROACH TO VALUATION
as historical indicator of value, 531–532
as one approach to valuation, 58
limited usefulness of, 66-67
of hotels, 614–615
COST OF PRODUCTION
as capital value figure, 523–527
COST-TO-CURE METHOD, 69
COUNTRY CLUB REAL ESTATE TAX POLICY (see Private Recreational Facilities: Real Estate Tax Policy; Profit Centers; Recreational Property)
DAMAGES (see Severance Damages and Specific Damages)
DEBT AND EQUITY INSTRUMENTS
public offerings by REITs of, 47–48
DEMAND
and housing market, 103–113
three elements of, 104
DEMAND ANALYSIS
in condominum feasibility analysis, 249–251
DEMOGRAPHERS
and contribution to confusion over housing, 103–113
DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
and modular housing, 208–216
and prediction of factory-produced new housing, 208
DEPRECIATED REPRODUCTION COST CONCEPT
advantages and disadvantages of, 206
of public utility valuation, 198–205
DEPRECIATION
accelerated in 1950's, 533
effect on values of, 530–531
DEPRESSION, 530–534
and feasibility, 531
and founding of AIREA, 492
DIRECT CAPITALIZATION METHOD
and gross rent multiplier, 83
for valuation of investment real estate, 83–84
or "net rent divisor" method, 83
shortcoming of, 83
DISCOUNT RATE
in arriving at valuation, 61
DOUGLAS COMMISSION, 1966
and modular housing, 209
DOWNS, JAMES C., JR.
demand and market for housing: the balance of the decade, 103–113
EASEMENT (see Scenic Easement)
ECONOMETRIC APPROACH
to valuation of residential amenities, 268–278
ECONOMIC DATA
factors of, 218–219,, 225–229
for early 1970's, 425–433
in city analysis, 224–230
presentation of in city analysis, 225
simplification of in appraisal report, 217–223
sources of, 228–230
use of graphs in presenting, 217–223
ECONOMIC FEASIBILITY ANALYSIS
"hang-ups" manifest in, 518–521
ECONOMIC GENERALIST
appraiser as, 55–67
ECONOMIC PROFILES
and statistical analysis, 622–624
ECONOMIC TRENDS
in early 1970's, 425–433
EDUCARE
and mortgage-equity analysis, 366
ELLWOOD, L. W., M.A.I.
and Inwood calculations, 253–256
memories of 'Bob' Armstrong, 507–509
valuation philosophy of, 537–539
ELLWOOD METHOD
and mortgage amortization, 77–82
and mortgage-equity analysis, 357–358, 360
as mechanism in appraisal analysis, 523, 527–528
basic premise of, 91
in yield valuation, 95
operational approach of, 520
EMERSON, FRANK C.
valuation of residential amenities: an econometric approach, 268–278

EMINENT DOMAIN LAW (also see Rule of Joinder)
and rule of joinder, 572–587
proposed changes in California in, 286–302
EMINENT DOMAIN VALUATION
and highest and best use, 659
of partially completed structures, 655–656
of property subject to long-term lease, 656
trends and decisions in, 655–660
ENTREPRENEURIAL PAY
four sources of, 85
ENVIRONMENT (see Human Environment, Appraiser's Part in Shaping)
ENVIRONMENTAL DAMAGE
caused by airports, 232–233, 423
ENVIRONMENTAL GROUPS
and airport noise, 423
ENVIRONMENT–LEGAL DECISIONS, 312–318
EQUITY INVESTOR
and appraiser counsel, 356–368
and real estate syndication, 333–350
as active party in market, 537–539
expectations of, 60
leverage of, 61–62
"EQUITY KICKER," 357–360
EQUITY VALUATION
predicted increases in, 551
ERLER, RAYMOND L.
rate of return & financial leverage: a paradigm for sensitivity analysis, 369–377
EVANS, SAMUEL, III
industrial park developments, 235–245
EXCESS CONDEMNATION (see Condemnation)
EXPERT OPINION
of appraiser in legal action, 565–571

FAIR MARKET RENTAL VALUE
of guaranteed property, 177
three approaches to determining, 177–178
"FAIR PRICE"
of public utility services, 195–207
FAIR VALUE CONCEPT
advantages and disadvantages of, 206
and hotels, 614, 616–617
of public utility valuation, 196–207
FEASIBILITY
in depression years, 531
FEASIBILITY ANALYSIS
alternatives in, 248
and central city housing, 549
collaboration in, 515–516
components of, 516–517
decision process in, 514
defined, 515
definition of, 246
environmental considerations in, 248–249
financial parameters of, 249
five critical areas of, 247
forces affecting, 513–521
limitations of, 247
limiting conditions in, 518
objectives of, 513–521
of condominiums, 246–252
rational approach to, 513–521
starting point for, 517
FEDERAL AVIATION ADMINISTRATION LIBRARIES
as source of airport noise publications, 423–424
FEDERAL HOME LOAN BANK, 435–436, 440–442, 444–446
motivation of government in creating, 105, 434
FEDERAL HOME LOAN MORTGAGE CORPORATION, 437, 445–446
beginnings of, 436
FEDERAL HOUSING ADMINISTRATION, 435–436, 443, 445–447
and financing of condominiums, 588
and post-world war II housing, 534, 536, 541, 543
legal liability of appraiser for, 566–567
motivation of government in creating, 105, 434
FEDERAL NATIONAL MORTGAGE ASSOCIATION, 435–437, 440–442, 445–446
and mortgage financing, 434–446
FEEDER AIRPORTS (see Airports)
"FELT NECESSITIES"
and economic bases of appraising, 529, 533, 535, 537
FINANCIAL ANALYSTS
and contribution to confusion over housing, 103–113
FINANCIAL LEVERAGE (see Leverage)
FINANCIAL MARKET
in early 1970's, 425–433
FINANCING (also see Real Estate Financing and Corporate Financing)
effect on value of, 279–285
FLY-IN DEVELOPMENTS (also see Airports)
trend to, 234
FRAUD
and appraisal, 565–571
elements of, 566
FREE ENTERPRISE SYSTEM
dubious continuance of, 57
FUTURE BENEFITS
comprehensive forecasting of by appraiser, 60–61
value as present worth of, 58–59
FUTURE TERM
of investment, 59

GAMORAN, A. CARMI
problems in appraising lodging facilities, 611–617
GARCIA, KEN
sales prices and cash equivalents, 7–16
GELSON, RICHARD J.
REITs: impact on mortgage credit, 42–54
GIBBONS, JAMES E., M.A.I.
a view of the changing appraisal scene, 529–544
the appraiser: an economic generalist, 55–67
GOTTLIEB, JERRY R.
industrial park appraisal in the 1970's, 600–610
GOVERNMENT
and beginning of interest in housing, 104–105
and contribution to confusion over housing, 103–113
controls on airport noise, 423
GOVERNMENT NATIONAL MORTGAGE ASSOCIATION, 436–437, 443, 445–446
GRAASKAMP, JAMES A.
a rational approach to feasibility analysis, 513–521
GREBLER, LEO
the 'new system' of residential mortgage finance, 434–448
GROSS INCOME MULTIPLIER
as measure of income property valuation, 370–377
origin of, 370
related to return on investment, 371

GUTHRIE, R. DAVID
use of the income approach with known mortgage or equity amounts, 257–263

HAMBURGER STAND, 168–169, 172–173
cash flow model of, 169
HANFORD, LLOYD D., JR., M.A.I.
mortgage loan appraisal or rubber stamp?, 325–330
HARLAN, LEONARD M.
caveat emptor in real estate equities, 333–350
Shattuck Memorial Award recipient, 332
HAYES, SAMUEL L., III
caveat emptor in real estate equities, 333–350
Shattuck Memorial Award recipient, 332
HIGGINS, J. WARREN
impact of federal taxation on real estate decisions, 32–41
HIGHEST AND BEST USE
AIREA definition of, 165
and rule of joinder, 572–587
as foundation of appraisal, 530
as untenable concepts, 519
Ernest M. & Robert M. Fisher definition of, 165
Frederick M. Babcock definition of, 165, 174
in eminent domain litigation, 659
in feasibility analysis, 516
land residual valuation method in determining, 168–169
limited agreement on meaning and determination of, 165-174
statistical analysis used to determine, 622
time discount factor in determining, 166
working definition of, 167
HITCHINGS, T. C., JR., M.A.I.
the appraisal report: is there a better way?, 217–223
HOME OWNERS LOAN CORPORATION
motivation of government in creating, 105
HOPE NATURAL GAS CASE
and public utility "reasonable rates," 198–199, 205
HOTELS
business income in, 611, 615–617
census (1971) of, 612
classifications of, 613–614
elements of revenue in, 613
factors affecting income of, 612
problems in appraisals of, 611–617
realty income in, 611, 615–617
sources of visitation to, 612–614
stabilizing rents in, 616–617
three approaches in appraisal of, 614–617
HOUSING (also see Modular Housing)
and human rehabilitation, 106–113
and government subsidies, 561
and residential mortgage finance, 434–448
after world war II, 534
beginning of government interest in, 104–105
confusion over, 103–104
contribution of mobile homes, 551
current production of, 209
current prospects for, 112–113
demand and market for, 103–113
demographic demand for, 104, 108–109
"effective" or market demand for, 104, 109–113
future prospects for, 103–113
influence of social mores on, 109
in Hong Kong, 106
periods of shortages in, 110–111
political demand for, 104–105
potential consumers of, 108–109
poverty and, 105–113
prime elements of shortage in 111–112
prospects for 1970's in, 549
HOUSING ACT OF 1948
unfulfilled, 103
HOUSING ACT OF 1968
and "operation breakthrough," 209
HOUSING AND URBAN DEVELOPMENT ACT OF 1968
lack of funds for implementing, 103
HOUSING STARTS
in early 1970's, 425–433
HUMAN ENVIRONMENT, APPRAISER'S PART IN SHAPING
and concern with shelter, 19
political issues in, 20
primary concerns in, 20–21
rational standards of, 22–23
technical qualifications for, 21

INCOME
synonymous with cash flow, 59
INCOME APPROACH TO VALUATION
and market analysis, 645–649
as historical indicator of value, 532
definition of, 645
of hotels, 614–617
to recreational property appraisal, 378-390
used with known mortgage or equity amounts, 257-263
INCOME STREAM
as reversion series, 358
in lease guaranteed property, 175–187
in lodging industry, 615–616
INDUSTRIAL BUILDING
determining rental rates in, 625
INDUSTRIAL COMPLEX
as form of industrial development, 237
INDUSTRIAL DISTRICTS
as form of industrial development, 237
INDUSTRIAL PARK DEVELOPMENTS, 235–245
aesthetics in, 607–608
and developers, 236–238
and recognition of value by financial institutions, 240
appraisal of in 1970's, 600–610
as desirable investment, 608–610
definition of, 235
determining cost of acquisition of, 241–242
financing of, 242, 602
general manager of, 242
history of, 237–239
liabilities in, 605–607
life of, 243
liquidation values of, 605
locational considerations in, 604–605
marketability of, 241, 601–610
minimum standards of, 236–237
net leases in, 601
obsolescence in, 602, 606–607
role of lenders in, 244
site selection for, 240
surge to suburbs of, 237–239
tenant credit in, 603–604
vacancies in, 603
zoning ordinances affecting, 241

INDUSTRIAL PARK DEVELOPMENT STANDARDS
of National Association of Industrial Parks, 245
INDUSTRIAL PARKS
and statistical analysis, 624–625
INDUSTRIAL REVENUE BONDS
and lease guarantee insurance, 183
INFLATION
and appraising, 535–536
and appraisal in early 1970's, 546–547
and real estate in 1960's, 545–546
curbing of in early 1970's, 433, 546–547
INFLUENCE OF GOVERNMENT FINANCING
related to cash equivalent, 9–10
INGRAM, DAVID, JR., M.A.I.
the effect on value of noise factors, 420–424
INSURANCE (see Lease Guarantee Insurance)
INSURANCE COMPANY (also see Life Insurance Company)
and lease guarantees of commercial and industrial property, 175–187
INTERCHANGES
and eminent domain law, 659–660
INTEREST POINTS
charged by life insurance companies, 43
in real estate financing, 11–15
INTEREST RATE
effect on value of, 282–283
INVERSE CONDEMNATION
and California eminent domain law, 294–295
INVESTMENT
future terms of, 59
INVESTMENT ANALYSIS
synonymous with valuation, 57–58
INVESTMENT PACKAGERS
and corporations, 333–350
and individual investors, 333-350
credibility of, 344–345
INVESTMENT PROPERTY
and valuing comparables, 284–285
appraisal of, 283–285
just compensation for, 283–284
INVESTMENT REAL ESTATE VALUATION
methods of, 83–95
with no mortgage, 90
INVESTMENT SECURITIES UNDERWRITERS
and contribution to confusion over housing, 103–113
INVOLUNTARY CONVERSIONS
and business expediency, 39
and consequential damages, 39
and defining similar property, 40
and facts known by buyer, 39
